Chronograph program

Aim of the course

To give the participants both a theoretical understanding and practical experience at the bench of the different chronographs, with particular emphasis on fault finding, repair and fine adjustment of the chronograph mechanism.

The majority of brands today offer mechanical chronographs and any watchmaker working in a modern after-sales service needs to master their intricacies.

Participants (maximum 8)

Participants must have followed a watchmaking school and have a complementary experience in watch repairing. Watchmakers with no such basic training must have a minimum of 3 years full-time experience in watchmaking.

Since the participants are going to deal with the basic movement of a chronograph as well as the entire chronograph, it is important they are competent to deal with all aspects of a simple mechanical watch, such as repairs of the gear train including barrel and jewels, the winding and setting mechanism, adjusting the escapement and the hairspring, as well as being able to do timing.

The program is thus intended for watchmakers whose daily work brings them into contact with these kinds of watches and would be particularly interesting for anyone wishing to progress towards working with higher complications.

Program:

This 3-week program is based on 3 different chronograph architectures, chosen specifically to represent all of the types of mechanism in current production.

Theory

- ❖ Terminology of chronographs
- ❖ Definitions and description of the main chronographs functions
- ❖ Study of various chronograph systems

Practice

- ❖ Study and repair of various chronograph systems such as:
 - Dubois Dépraz calibre 2020 (Modular chronograph)
 - Frédéric Piguet calibre 1180 (Column wheel - vertical clutch)
 - Nouvelle Lemania calibre 1873 (Cam system)
 - Valjoux calibre 7750 (Cam system)
- ❖ Examining vintage column wheel chronographs such as Valjoux 23

Chronograph program

Date and timetable

Date: ❖ **07 to 25 November 2022** ❖

Monday to Friday: 08h30 – 12h00 and 13h30 – 17h00

Equipment

All the equipment will be provided by WOSTEP.

Location:

WOSTEP Foundation, Rue des Saars 99, 2000 Neuchâtel, Switzerland

Price

CHF 5'200.- per person

-10% discount for donators

-25% discount for active members

-75% discount for Partnership instructors

Accommodation

Participants have the possibility to stay in the WOSTEP students' apartments located close to the school. Alternatively, they will receive a list of hotels in Neuchâtel with the confirmation of the program in order to make their own reservation.

Please indicate your choice

I would like to stay in the students apartments (subject to availability) :

Single bedroom with free Wi-Fi. Shared kitchen, bathroom and laundry facilities.
