Lapping course

Aim of the course

To allow participants to improve their lapping skills in order to preserve the original appearance of flat surface components during polishing operations, such as: case middle, case back, and bezel, with a theoretical support and practical exercises.

Participants (maximum 6)

This course is open to anybody working in the polishing field who wants to acquire or improve their lapping skills.

Program

Practical lapping exercises will be performed using a 3-dimensional table, a lapping trolley and freehand on the case middle, case back and bezel.

Tools and material

The necessary accessories, machines and consumables will be provided by WOSTEP.
